**Eng. Shubham Mahamuni**

Founder

About us

Shubham Pradeep Mahamuni, a proud entrepreneur from 32 Shirala, comes from a humble middle-class family with no prior business background. Despite the challenges, his determination to build something of his own set him apart.

After completing his Civil Engineering in 2018-19, Shubham started his journey with an internship in Pune. Upon its completion, he returned to his hometown and, despite financial constraints, established ShivSwarajya Construction & Engineering Consultancy in 2020.

With a passion for innovation, precision, and unique designs, he quickly gained the trust of clients, delivering exceptional results. Today, his company has successfully completed over 250+ projects and employs more than 270+ skilled professionals.

In recognition of his outstanding contributions, Shubham will be honored with the prestigious "The Pride of Maharashtra" award on 27 October 2024 at Parvel, Mumbai.

This content highlights his journey effectively while being concise and inspiring.

★★★★★

Mr. & Mrs. Tanaji Patil Family

The team did an amazing job building our new home. From design to finishing, everything was top-notch. Their on-time delivery and use of high-quality materials impressed us greatly. I would highly recommend them to everyone.

★★★★★

Mr. & Mrs. Sayaji Kadam Family

Our home turned out even better than we imagined, thanks to their efforts. Their work was not only professional but also focused on every little detail. The team was very cooperative and understood all our requirements perfectly.

★★★★★

Mr. Suraj Sadaphale

If you want to build your dream home, this is the right place. They turned our vision into reality. Their team handled the entire project in an organized manner and completed it on time. Their work is truly

★★★★★

Mr. & Mrs. Kasar Family

Their services are truly exceptional. They built us a beautiful and durable home within our budget. Their planning and construction process was

Our Vision

At Shivswarajya Construction & Engineering Consultancy, we aim to redefine the future of construction by blending innovation, technology, and expertise. Our vision is to create modern, sustainable, and long-lasting structures that not only meet the needs of today but also inspire generations to come. Through our commitment to excellence and smart solutions, we strive to build stronger communities and leave a lasting legacy of quality and trust.

Our Mission

At Shivswarajya Construction & Engineering Consultancy, our goal is to transform the construction industry. We achieve this by combining our specialized expertise with the latest technology to create innovative and durable structures. We work closely with our clients to deliver tailored solutions that align with their vision while ensuring sustainability and environmental responsibility. Our focus is on excellence, fostering team growth, and driving progress in the construction sector.
